CEPACC Membership Update

Collective Agreement Roll-Out October 8, 2010

Sisters & Brothers,

The plans for implementation of some of the new initiatives in the Collective Agreement are well underway.

Every member is now receiving, through e-mail, a copy of all job postings. Members no longer have to look for the job postings on Connexion, they come to you directly!

Joint training sessions with stewards and front line managers on the changes to the new Collective Agreement are scheduled in every province over the next couple of weeks. This will ensure that everyone receives the same message and interpretation of the language.

A series of other meetings are being scheduled, over the next month, on the Combination and Community Technicians. Discussions will be held on who will take on the role of these new technicians and training plans will be finalized and rolled out to members and managers.

The next meeting of the Common Interest Forum (CIF) is scheduled for Oct 18 & 19, 2010. We should have a better idea after that meeting of the timelines for the implementation of Remote Call Monitoring and the Sales Incentive Plan.

We will keep you posted as the implementation plan progresses.

In solidarity,
